

BALANCILO 1

Code: K201

Description

Playground seesaw with two seats and two handles without support. Seesaw with stylistics referring to the shapes of the snail and vivid colors. Construction made of stainless steel resistant to weather conditions and intensive use. Device for playground includes two bumpers under the seats to ensure safety during play. Seats are made of HDPE material. Due to this solution, the seats aren't heating during sunny days and aren't freezing during the winter. Both handles ending with decorating round ball forming a snail.

* All stainless steel Limako products are available in galvanized and powder painted version.

Playground device consists of

- 2x seats without back support
- 2x handles
- 2x bumpers
